Subject: Mac Frampton concert

> Dear Scott,

>

> Wow! What a FABULOUS concert! Mac and crew were fantastic. Our audience
> absolutely were mesmerized. Literally everyone was raving about the music and
> the musicians. Mac's energy, style, and mastery of the piano left people yelling
> for more and Cecil's total mastery of the trumpet and the quality of his sound
> were superb; and they couldn't have been backed up by a better or more
> professional group. Thank you so much for working with me on this one. We
> definitely don't want to wait another 10 years to have them back!

> Thanks again for a marvelous show!
