"Tonight I'm going to tell you a tale, a tale so unbelievable you'll think I made it up, but, I didn't. I was there...right from the start...."

RADIODHEATRE presents the only LIVE ON STAGE performance of "KING KONG" in the history of the universe! Join us for this monumental yarn of grand adventure and fabulous fantasy, complete with our crew of storytellers, an original orchestral score and a plethora of sound effects that turn the theater itself into an environmental experience! Just bring your imagination!

"What kind of story is it? Well, I guess you can say it's a love story. Yeah, a heart-rending love story. It's about a king of a faraway land and his unrequited love for a beautiful damsel and how that love leads him to his downfall."

JOURNEY with us as we take you from the streets of Depression Era New York City to the high seas of the Far East to the prehistoric jungles of Skull Island! Witness the terrifying creatures from another time battle the great and mighty Kong! And, be there when the proud giant is captured and brought back to civilization where he escapes from his chains to wreak havoc upon our world!

All for the love of a woman!
