**Dear Elizabeth,**

**We at NPA wanted thank you for making “THESE THREE TENORS” available to us in March of 2010. We booked them on a series of twenty-five engagements here in Arizona.**

**They received a minimum of two standing ovations per performance. On one particular performance they garnered an unprecedented four-and-a-half S O’s.. In all my fifty-plus years in show business have I ever witnessed such a powerful reaction to any performance.**

**We all appreciated, not only the high quality of their presentation, but also their cooperation at all levels during this tour. They were extremely easy and very professional to work with through all the obstacles encountered at dealing with so many different venues each and every day.**

**I am thrilled to report that every one of my twenty-five clients have demanded we book them back for the same run of engagements in 2012. I am considering this a done deal.**

**Sincerely,**

**Paul Lennon
