

RE: Wilson Williams and The Platters

Date: 10.01.2008

Wilson Williams and The Platters performed at our SOLD OUT performance this past weekend. They brought new patrons to our venue and their performance is the talk of campus! Our audience was thrilled with a 90 minute non-stop performance that literally had our patrons dancing in the aisles. The Platters returned to the stage for an encore performance then treated our patrons to an autograph signing session. Everything was truly awesome and was definitely the best show I have ever seen.
