QUOTES AND REVIEWS

"Three Men And A Maestro was consummate entertainment and the Morganton audience responded with standing ovation."

Bill Wilson, COMMA - City of Morganton, NC

"Our crowd was buzzing about the show for the next week. The audience has spoken: Men & A Maestro rated best show of the season... (including) Smoky Joes Cafe, John Davidson and others."

Bob Platt Entertainment Chairman, Lake Region Village, FL

"I've been booking artists for our Series for fifteen years and can happily say that for pure Entertainment you guys rank right up there along side Victor Borge, Roger Williams and the Swingle Singers to name a few. I'm sure you got the message that our audiences really appreciated your show by their enthusiastic and standing ovations. They loved you, man!"

Orville Splitt - Program Director - Englewood Performing Arts Series

"... a mosaic of musical magic. The speed of Gurl and Ski's playing made the music feel like it was soaring through the air. Ski was a genius on the violin, whether playing the beautiful and moody theme from Phantom of the Opera or the knee-slapping Orange Blossom Special. Not only was Gurl's dexterity extraordinary but his playing captured the personalities of the various selections."

Marilyn Carpenter - Theatre Critic - Englewood Herald-Tribune

"... a high energy - you had to be there to believe how much energy-performance that others this season will be hard pressed to match. Did the audience love them? Up one side and down the other. The applause after every number was as loud and long as it usually is at the end of the usual really good show. These guys were that good."

Jan Findley - Theatre Critic - Englewood Sun
