

GRITS: THE MUSICAL

TRACK SHOW RIDER

PRODUCTION AMENDMENTS

We will have the same lighting and hospitality needs as in the rider for the live musical accompaniment show. The tech needs are much simpler for the tracks show. Tracks are recorded from our live show band – 4 members.

We need 4 countrymen wireless mics and monitors.

The tracks can be on CD or IPod, but all that will be discussed with the TD when the SM advances the show. No backline is required.

Hotel accommodations:

1 room / 2 nights

4 rooms 1-2 nights, depending on itinerary.
