

Jerry Bayne, Program Director  
WABASH VALLEY ARTS COUNCIL  
Mt. Carmel, IL  
October 25, 2011

Dear Elizabeth:

What a wonderful day we had with Jim & Ann and their tribute band on 11/25/2011. The concert performance was flawless and tight and perfect and totally enjoyed by our enthusiastic patrons. But, I wanted you to know that we had so much fun with the company and we were honored to have Jim and Ann and the other 4 band members and they were all so talented and professional but also so polite and kind and caring and they are all the talk of Mt. Carmel and Wabash Valley College today. Thank you very much for helping us book this performance and we thank Jim and Ann for accepting our offer which was the top of what we can do but I am pretty sure they had a good time in Mt. Carmel and everything was so nice and they personally know how our little town was appreciative and grateful for their wonderful performance and they knocked a home run here in St. Louis Cardinal territory during the World Series of 2011 season.

Elizabeth ... now you and I always tell the truth to one another and I value our professional connection and you have helped us in Mt. Carmel for many years and we personally appreciate you and people here know your name cause I tell them about you all the time. I want you to know that I would like to brag in anyway that I am able to do on Jim and Ann and their John Denver Tribute Band. What a perfect show for us and I am glad you represent them and I hope they will continue to tour and beautify the John Denver music & legacy for many years. I thought you would want to know my opinions and feelings.

All the best to you, Jerry
