

# The Wood's Tea Company

## Tech Rider

Under normal circumstances, The Wood's Tea Company travels with and runs their own complete sound system. No sound equipment is required of the organization hosting the show.

*The band will need:*

Reasonable access to a grounded power supply.

Basic stage lighting.

Assistance in carrying gear before and after the performance.

Two tables at least six feet long for CD/DVD sales.

Bottled water and light snacks for the artists.

**We look forward to performing for you!**

Woods Tea Company is Represented by Alkahest Artists & Attractions, Inc.
