

## WHAT ARE FOLKS SAYING ABOUT 'SAIL ON'?

*"Sail On" was the perfect tribute band for our event. Their harmonies captured the sound of the Beach Boys and transported our guests to the beach for the evening! Matt, manager and musician, put my mind at ease from the very first time we spoke; the process was smooth and the follow through with all the details was amazing. The band worked closely with the venue to ensure all details were covered and there were no hidden surprises. We had many compliments from our guests with regards to "Sail On". I would definitely hire the band again.*

*"I couldn't have asked for a better Beach Boys Tribute than Sail On. The band truly captured the sounds of the original group. Sail on brought guests back to a simpler and care-free time. Guests reminisced to these old familiar tunes and danced the night away."*

*"I've been in this business for almost 30 years now. I don't believe we have ever had a group of entertainers on our stage that was so eager to entertain and so easy to work with. They hit the ground running from the very first note to the last note they sang. High energy, attention to details, musically sound in every respect and intent on bringing the music of the Beach Boys to our audience authentically, just the way the Beach Boys themselves would have done it. To anyone, I would recommend these pleasant, respectful young musicians with all their great vocal harmony."*
